

April Newsletter

Spring into success with helpful tips and tricks this April!

Spring has sprung!

As Spring unfolds, so do our technicians' routes! Our Scheduling Team is keeping them busy on the road ensuring they reach you as efficiently as possible! As always, we strive to provide the highest level of service during your scheduled calibrations and appreciate all of our customers and their flexibility while we make sure every customer receives thorough and complete service!

HOW'S YOUR NCAT IGNITION FURNACE?

Are you in need of parts for your NCAT Ignition Furnace?? Ad-Tek has you covered! We have most parts in-stock, competitive pricing, and shipped out faster than the manufacturer. We are also able to get you a quote for your very own NCAT Crash Kit which includes commonly replaced parts and boards to have on-hand. Ask our Sales Team about getting you more information!

SPEAKING OF NCAT IGNITION FURNACES...

We have NEW ones in stock and ready to ship out! Additionally, we offer trade-ins for your current NCATs toward the purchase of a new one. If you're interested in upgrading, please have photos and the serial number available and call to inquire!

TECH TIP OF THE MONTH

- Remember not to leave items on your lab scales. Any weight left on the scales for a prolonged period of time will cause the scale premature wear & tear and can knock it out of calibration. This causes the need for recalibration and/or having to purchase a new scale.

APRIL FUN FACTS

- The name "April" comes from the Latin word *aperire*, meaning "to open" likely referring to the blooming of flowers and trees in spring.
- The Titanic sunk on April 15th, 1912 after striking an iceberg! Yikes!
- The first modern Olympic Games were held in Athens, Greece in April 1896.

APRIL HOLIDAYS

- 1st - April Fool's Day
- 11th - National Pet Day
- 15th - Tax Day
- 20th - Easter
