

November 2025 Newsletter

Staying in tune this November -- precision you can be thankful for!

Updated Air Pressure Meter Services

We're excited to announce an upgrade to our air pressure meter cleaning, repair, and calibration services!

1.) Standard Service - \$225.00 + parts

Your air pressure meter will be fully soaked for a deep clean, followed by part replacement and calibration. Petcocks and standard seals are always changed to ensure reliable performance.

2.) Premium Service - \$300.00 + parts

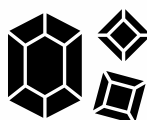

In addition to soaking, we'll glass bead any remaining concrete buildup before replacing any parts (petcocks and standard seals always replaced) and calibrating your air pressure meter. This option offers the most thorough cleaning and restoration for long-lasting accuracy.

TECH TIP OF THE MONTH

Let's talk about your NCAT...

When performing a lift test on your NCAT ignition furnace (see page 30 of your user manual on lift test procedure,) it's the perfect time to make sure all four heating elements are working properly. After the lift test, open the chamber door and carefully use the back of your hand to sense for hot and cold spots along the sides, top, and bottom. Notice any cold areas? That likely means a failed element that should be replaced to maintain accurate performance.

NOVEMBER FUN FACTS

The birthstones for November are topaz and citrine, both known for their warm, golden colors.

The Full Moon in November is traditionally called the Beaver Moon, named by early trappers who set beaver traps before the swamps froze.

As the temperature drops, (we see you Western States!) remember: even instruments can feel the chill! Temperature changes can affect readings, so it's a smart month to verify accuracy.

Lots of fun days in November: Bittersweet Chocolate with Almonds Day (who knew?) on the 7th, Cappuccino Day on the 8th, Happy Hour Day on the 12th, and Cake Day on the 26th

Used/Out-of-Box Equipment

H-4155A - Hand-Operated Sample Ejector
Like new - \$800.00 - 1 only

H-2911- Compressometer no Dial Gauge,
\$300.00 - 1 only

H-4165- Harvard Miniature Compaction
Apparatus \$900.00 - 1 only

H-1367- Marshall Compaction Mold, 6"
\$180.00 each - quantity 5

Misc. proving rings, dial indicators
Call for models/pricing

New - out of box - Admet DFG Concrete
Indicator 1000-00050 includes GaugeSafe and
bracket - \$1,200.00 - 1 only

New UTEST Equipment

Below items are in-stock and tariff-free!

- **Mechanical Soil Compactor
w/Molds and Hammers**
UTS-0660-N-C \$6,700.00 each

- **UTM Machine**
UTM-8300.SMD2-N-DS3 \$52,840.00 each

- **250L Lab Oven**
UTD-1305-N-DS3 \$2,550.00 each

- **Air Pressure Meter**
UTC-0650 \$680.00 each

- **Tray Shaker**
UTG-0420-N \$5,300.00 each

- **Fully Automatic Compression Testing
Machine w/Stand**

337,000LBF (1500KN): UTC-4712.FPR-N-C
\$12,800.00 each

449,000LBF (200KN): UTC-4722.FPR-N-C
\$14,000.00 each

- **Master Loader**
For Marshall, Hveem,, and SCB Testing &
Asphalt Compression and Soil Tests such as
CBR AND Triaxial!
UTM-0108.SMPR-N-STK \$7,700.00 each

*** ITEMS LIMITED TO STOCK ON-HAND/PRICE SUBJECT TO CHANGE***
